# LAURA'S CHRISTMAS STAR

**C**innamon stars, the stars on a Christmas tree, the Star of Bethlehem – stars belong to Christmas like Santa and snow. Not to be outshone by her more headline-grabbing cousins, Laura's little star is dazzling brighter than ever in a 45-minute Christmas special, "Laura's Christmas Star" – a holiday treat for families everywhere!

Considering the success of the series "Laura's Star," it's not surprising that the little star and its human friend make a special Christmastime appearance as a gift for viewers of all ages. We follow Laura and her family as they set off to spend Christmas at their holiday cottage. The evening before, Laura's little brother Tommy distributed his "wish list" to several authentic-looking Santas at a shopping mall, but ignored a shabbily dressed one. When the family's car gets stuck in the middle of the woods, Laura's star helps them find a farmer's

house, where they are given shelter by... the shabby old Santa of the shopping mall! When the car still doesn't start the next day, Christmas Eve, Tommy is particularly sad since he won't get any gifts. Laura, however, senses that something very special is happening... Sure enough, thanks to her little star, the old man really does become Santa Claus!

Santa collects ice crystals from the windows and puts them in his sack. "Do you want to come along?", he asks the kids. And faster than you can say "Ho-ho-ho," Laura and Tommy are showering the earth with glittering ice crystals that make every child rejoice.

"Laura's Christmas Star" is based on Klaus Baumgart's top-selling children's book, which has sold more than 3 million copies all over the world. Beautifully adapted to the TV screen, the € 3.8 million production will enhance your viewers' Christmas season with its magical sparkle.
