World's Wildest Encounters (ZDF Enterprises)

Getting up close

WILDLIFE photographer and film-maker Andreas Kieling searches out close encounters with some of the planet's most dangerous and endangered species in *World's Wildest Encounters* (2 x 52 mins). The series is brought to MIPTV by ZDF Enterprises, which is also highlighting *Busting The Berlin Wall* (2 x 52 mins), about daring escapes from the former East Germany. Other ZDFE history titles include *Stauffenberg: The True Story* (1 x 52 mins), which examines the plot to kill Hitler, and *Charles Darwin: The Devil's Chaplain?* (1 x 52 mins). The docu-drama *Super Comet* (2 x 52 mins), meanwhile, considers what would happen if a huge asteroid hit Earth.
