DRAMA AND ANIMATION

THE POPULARITY of Arne Dahl's crime novels about an elite force within the Swedish police is the basis of the Arne Dahl series (5 x 10 mins/10 x 90 mins/HD). The first novels to be adapted are *Misterioso*, about a connection between a jazz piece and the execution of Swedish financiers; *Bad Blood*, about a serial killer who applies torture last used in Vietnam; and *To The Top Of The Mountain*, in which a drug syndicate boss is trying to cover up his crimes. *Straight To Your Heart* (155 x 45 mins/HD), the latest season of the *Forbidden Love* series, a soap with stories revolving around family and friends, love and temptation. This brings the total number of episodes available 255. From the animation catalogue comes *Figaro Pho* (39 x 7 mins/13 x 21 mins/HD), about a quirky character who discovers some alarming new phobia every day.
