“ZDF and ZDF Enterprises have always placed great importance on providing young viewers with quality entertainment. In addition to its own kids’ slots, ZDF has been running a children’s channel, Ki.Ka, with the ARD since 1997. ZDF Enterprises’ programs cover the gamut from

animation to live-action, features and series. They include such hits as *Vicky the Viking*, *Maya the Bee* and the Astrid Lindgren films. ZDF Enterprises co-produces high-caliber programs with experienced partners, as can be seen in its lineup for MIPCOM Junior: *The Elephant Princess*, a live-action series from Jonathan M. Shiff (*H2O: Just Add Water*) about a normal teen who’s actually the princess of a magical kingdom; *Fun with Claude*, a Red & Blue and Dot to Dot animation about a little polar bear who moves to a warmer region; and *Rahan*, a Xilam series about a prehistoric youth fending for himself and his fellow humans in the Stone Age.”
