

ZDF Enterprises celebrates its MIPCOM highlights at the 'Sundowner'

The sunset on the beach of Cannes served once again as the background for ZDF Enterprises' legendary get-together. The promo reel and introductory words by Alexander Coridass, President and CEO, and Fred Burcksen, Executive VP and COO, prompted interest in this fall's highlights. Many buyers asked about the teen animation series H2O MERMAID ADVENTURES, an animated series for the age group just below that of H2O Just Add Water. Heading the roster of new dramas is THE TEAM with its multi-national police force. Demand was great for the factual series' APOCALYPSE NEANDERTHAL, which features some startling revelations. And in the entertainment sector, the quiz format QUIZ CHAMPION, a contest that pits celebrities against «normal» people, attracted the guests' attention.
