GDPR

We process your data to deliver content or advertisements and measure the delivery of such content or advertisements to extract insights about our website. We share this information with our partners on the basis of consent and legitimate interest. You may exercise your right to consent or object to a legitimate interest, based on a specific purpose below or at a partner level in the link under each purpose. These choices will be signaled to our vendors participating in the Transparency and Consent Framework. [More information](#)

Strictly Necessary Cookies

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you which amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. You can set your browser to block or alert you about these cookies, but some parts of the site will not then work. These cookies do not store any personally identifiable information.

Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.

Functional Cookies

These cookies enable the website to provide enhanced functionality and personalisation. They may be set by us or by third party providers whose

services we have added to our pages. If you do not allow these cookies then some or all of these services may not function properly.

Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant adverts on other sites. They do not store directly personal information, but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.

Store and/or access information on a device

Cookies, device identifiers, or other information can be stored or accessed on your device for the purposes presented to you.

Select basic ads

Ads can be shown to you based on the content you're viewing, the app you're using, your approximate location, or your device type.

Create a personalised ads profile

A profile can be built about you and your interests to show you personalised ads that are relevant to you.

Select personalised ads

Personalised ads can be shown to you based on a profile about you.

Create a personalised content profile

A profile can be built about you and your interests to show you personalised content that is relevant to you.

Select personalised content

Personalised content can be shown to you based on a profile about you.

Measure ad performance

The performance and effectiveness of ads that you see or interact with can be measured.

Measure content performance

The performance and effectiveness of content that you see or interact with can be measured.

Apply market research to generate audience insights

Market research can be used to learn more about the audiences who visit sites/apps and view ads.

Develop and improve products

Your data can be used to improve existing systems and software, and to develop new products

Use precise geolocation data

Your precise geolocation data can be used in support of one or more purposes. This means your location

can be accurate to within several meters.

Actively scan device characteristics for identification

Your device can be identified based on a scan of your device's unique combination of characteristics.

Always Active

Ensure security, prevent fraud, and debug

Your data can be used to monitor for and prevent fraudulent activity, and ensure systems and processes work properly and securely.

Always Active

Technically deliver ads or content

Your device can receive and send information that allows you to see and interact with ads and content.

Always Active

Match and combine offline data sources

Data from offline data sources can be combined with your online activity in support of one or more purposes

Always Active

Link different devices

Different devices can be determined as belonging to you or your household in support of one or more of purposes.

Always Active

Receive and use automatically-sent device characteristics for identification

Your device might be distinguished from other devices based on information it automatically sends, such as IP address or browser type.
